6 Discussion Items

6.1 Executive Director Report

- There was discussion of the attached Executive Director Report dated June 12, 2017.

6.2 Directors' Reports

- Kossy could not be present at the Weed Management Area's annual Picnic in the Weeds and will not be present able to attend July RCD board meeting.
- Reynolds expressed interest in what will be learned from the Butano floodplain studies and sedimentation in the Butano floodplain. Has noticed new gullies and washouts forming similar in size to the Cloverdale project site. Suggested looking into studies or modeling of the upper watershed. Proposal from Nelson to add sedimentation as a potential study session topic to Board calendar.

6.3 Board will consider contracting with Pacific Southwest Irrigation for Butano & Harley Farms Irrigation Efficiency Projects

- After discussion and questions about bid process and recommended contractors, Kossy moved for approval, Reynolds seconded, and approval passed unanimously.

6.4 Board will consider contracting with Redwood Engineering for Butano Farms Pond Project

- After discussion, Kossy moved for approval, Reynolds seconded, and approval passed unanimously.

6.5 Board will consider contracting with TKO General Engineering for Harley Farms Pond Project

- After discussion, Kossy moved for approval, Reynolds seconded, and approval passed unanimously.

6.6 Board will consider approval of FY 2018 Budget

- Directors discussed differences between the proposed budget and the previous draft. Glauthier noted that the current version of the budget leads to the same conclusions as the last. He also noted the inclusion of funds for an operating reserve and said future budgets must continue to include it.
- Glauthier recommended approval of the budget. Kossy moved to approve the budget. Reynolds seconded. The FY 2018 Budget passed unanimously.

7 Adjourn

- Directors determined there would not be quorum for the July meeting and adjourned until August at 5:41 pm.
